97P-0197

I strongly object to the forced molting that goes on in the egg industry. How can we - as a society - condone the starving of non-human lives?

Also, forced molting promotes disease in the chickens which is then passed on to the humans eating them - and the eggs.

You have the power to prohibit farms from this practice. Please do so.

Thank you.

Sincerely,  
Susan Wiedman
